"I will check," the driver said. With his big hand the man felt something, which was thin and wet. "I've got it!" he shouted.

"That is not a monster that is a banana!" the lady cried. The man was cross.

Like a shot he put his head under the seat and Chit-Chat gave him a big kiss on his chin and nose!

It was such a shock for the man that he bashed his head and his hat fell off.

Chit-Chat put the hat on and ran off. "That is my hat!" shouted the driver. "Get it off him!"

This was fun for Chit-Chat and he began to hop on top of the seats as the man ran after him.
